highlights of key projects

project one

Streamlining Grant Operations for Community Impact

United Way NB Forever Fund

- **Project: Endowment PMO Modernization**
- **Role: Project Manager**
- **Built change management frameworks alongside Salesforce PMO deployment, increasing grant reporting compliance while improving community partner onboarding and training processes.**

Strengthened organizational reporting, increased transparency, and accelerated grant cycle efficiency across 15+ nonprofit partners

project two

Enhancing Financial Operations through Digital Transformation

Zenith Bank Plc

- **Project: Core Banking Infrastructure Upgrade**
- **Role: Project Manager**
- **Description: Directed a major upgrade of core banking platforms, deploying data-driven compliance dashboards and improving transaction oversight across multi-regional teams**

Achieved regulatory excellence, reduced processing time, and enabled faster executive reporting through Power BI integration

project three

Strengthening Risk Management
and Agile Delivery Capabilities

Stiletto Consulting Ltd

- **Project: Enterprise Risk Management & Agile Strategy**
- **Role: Project Manager**
- **Description: Designed and implemented an enterprise risk management framework, integrating agile delivery models to enhance organizational responsiveness and mitigate project risks proactively.**

Achieved 92% early risk mitigation, improved team delivery velocity by 35%, and enhanced C-suite decision-making through structured risk visibility.

project four

Modernizing Enterprise Resource Planning for
Operational Excellence

Zenith Bank

- **Project: Microsoft Dynamics 365 Finance & Operations Implementation**
- **Role: Project Manager**
- **Led ERP modernization initiative, driving business process improvement and enabling strategic decision-making. Oversaw change management initiatives to ensure stakeholder adoption, while integrating Lean Six Sigma principles for continuous operational improvement.**

Delivered a 35% improvement in financial reporting accuracy and reduced operational bottlenecks through cloud-first architecture

competency alignment

Change Leadership and Business Transformation

- Lead organizational change initiatives, ensuring user adoption, minimizing resistance, and delivering sustainable transformation outcomes.

Continuous Improvement and Operational Excellence

- Apply Lean Six Sigma methodologies to drive ongoing process optimization, efficiency gains, and quality improvements.

Enterprise Collaboration Across Functions and Vendors

- Foster partnerships across IT, Business Units, and Vendors, ensuring seamless delivery, governance compliance, and stakeholder alignment

Business Agility and Adaptive Delivery

- Lead projects with a flexible, outcome-driven mindset, adapting to shifting business priorities, emerging technologies, and evolving customer expectations.
- Enable early value realization while maintaining focus on strategic goals and transformation outcomes.

READY TO PARTNER FOR IMPACT?

Let's collaborate to deliver digital innovation, enhance operational excellence, and build lasting organizational value.
